

THE META-COACH™ TRAINING SYSTEM

The Ultimate Coach Training

We have set the following as the pricing for the Meta-Coach Training in the USA for 2011 the same as it was in 2008

While the price currently being charged for Coach Training in the field is between \$5,000 to \$10,000, we have set a price far below that. Our commitment is to provide the highest quality of models, experiences, and training opportunities for a reasonable price. We also have scholarships for people from third world countries where the standard of living and average income is lower and for students. We also have savings for registering early.
